held recently in Decatur, Ga.

Grabowski, along with Beverly Davis of Reynolds, Smith and Hills, Inc., educated participants about the progress in moving toward sustainability in coastal Georgia as part of a session entitled "Creating a More Sustainable Coastal Georgia."

As the former senior planner for both the City of Port Wentworth and Effingham County, Grabowski has a strong understanding of local government issues. She received a B.S. in environmental science from Furman University and a master of city planning from the Georgia Institute of Technology. She joined Lott + Barber in 2003.
